

ARKANSAS STATE UNIVERSITY
CAMPUS QUERÉTARO, MÉXICO.

Accounting Faculty

Part-time Position

Arkansas State University campus in Querétaro, México (A-State Campus Querétaro, or A-State CQ) invites applications for a faculty position to teach in the areas of **financial and managerial accounting, cost accounting, intermediate accounting, Tax accounting and other areas related to accounting.**

THE POSITION

We are seeking dynamic, qualified colleagues who use modern methods and pedagogies in the classroom. All faculty candidates must have a minimum of a Master's degree in the relevant area (or related areas) with at least 18 graduate credit hours in the field, PhD is preferred. Additional preference will be given to candidates with educational and teaching experience in the United States. The language of instruction is English. The successful candidate will contribute to teaching of introductory and upper level undergraduate courses in their relevant area mentioned above.

In addition to teaching, other job responsibilities include collaborating with administration, staff, other faculty, students, and stakeholders to foster a climate of academic excellence, participating in the management of the campus through shared governance, and helping recruit students and faculty to the campus.

All full-time faculty appointments are 12 months (non-tenure track) with the length of the contract negotiable up to an initial term of 3 years. The term may be extended at any time by agreement. Depending on enrollment patterns, faculty may be asked to teach during the summer. In lieu of teaching during the summer, faculty are expected to engage in relevant scholarly activity. The academic calendar will be very similar to most institutions in the United States, approximately August 15 – May 15 annually, with the summer term running from last week of May to end of June.

Faculty must meet all relevant qualifications for similar employment at Arkansas State University. However, faculty will NOT become employees of Arkansas State University – instead, they will be employed by a private sector foundation registered in Mexico for this purpose. All non-Mexican national faculty members must qualify for employment as a foreign worker in Mexico, with this process being managed by A-State Querétaro at no cost to the faculty member.

Compensation in Mexican pesos will be guided by prevailing Mexican rates for university faculty with the expectation that A-State CQ intends to be a preferred employer among institutions of higher education in Mexico.

THE CAMPUS

A-State CQ is the first “American Style” comprehensive residential campus in Mexico and began teaching students in the fall of 2017. Through a multi-national public-private partnership, Arkansas State University, accredited by the Higher Learning Commission, with the Campus Queretaro also accredited by SEP, offers degrees in Chemistry, Biological Sciences, Biotechnology, Electrical Engineering, Mechanical Engineering, International Business, Business Administration, Marketing, Global Supply Chain, Finance, Economics, and Strategic Communication.

Located in the highlands of central Mexico two hours north of Mexico City, Santiago de Querétaro (1.8m) is a UNESCO World Heritage city and one of the fastest growing and safest in Mexico. Home to more than 1,300 multi-national corporations, international interest in Querétaro has increased because of its economic growth, high quality of life, social progress and its year-round temperate climate.
